Regarding: Cost Estimate for Class III Archeological Survey of the Rosebud  
Project, Pershing County, Nevada

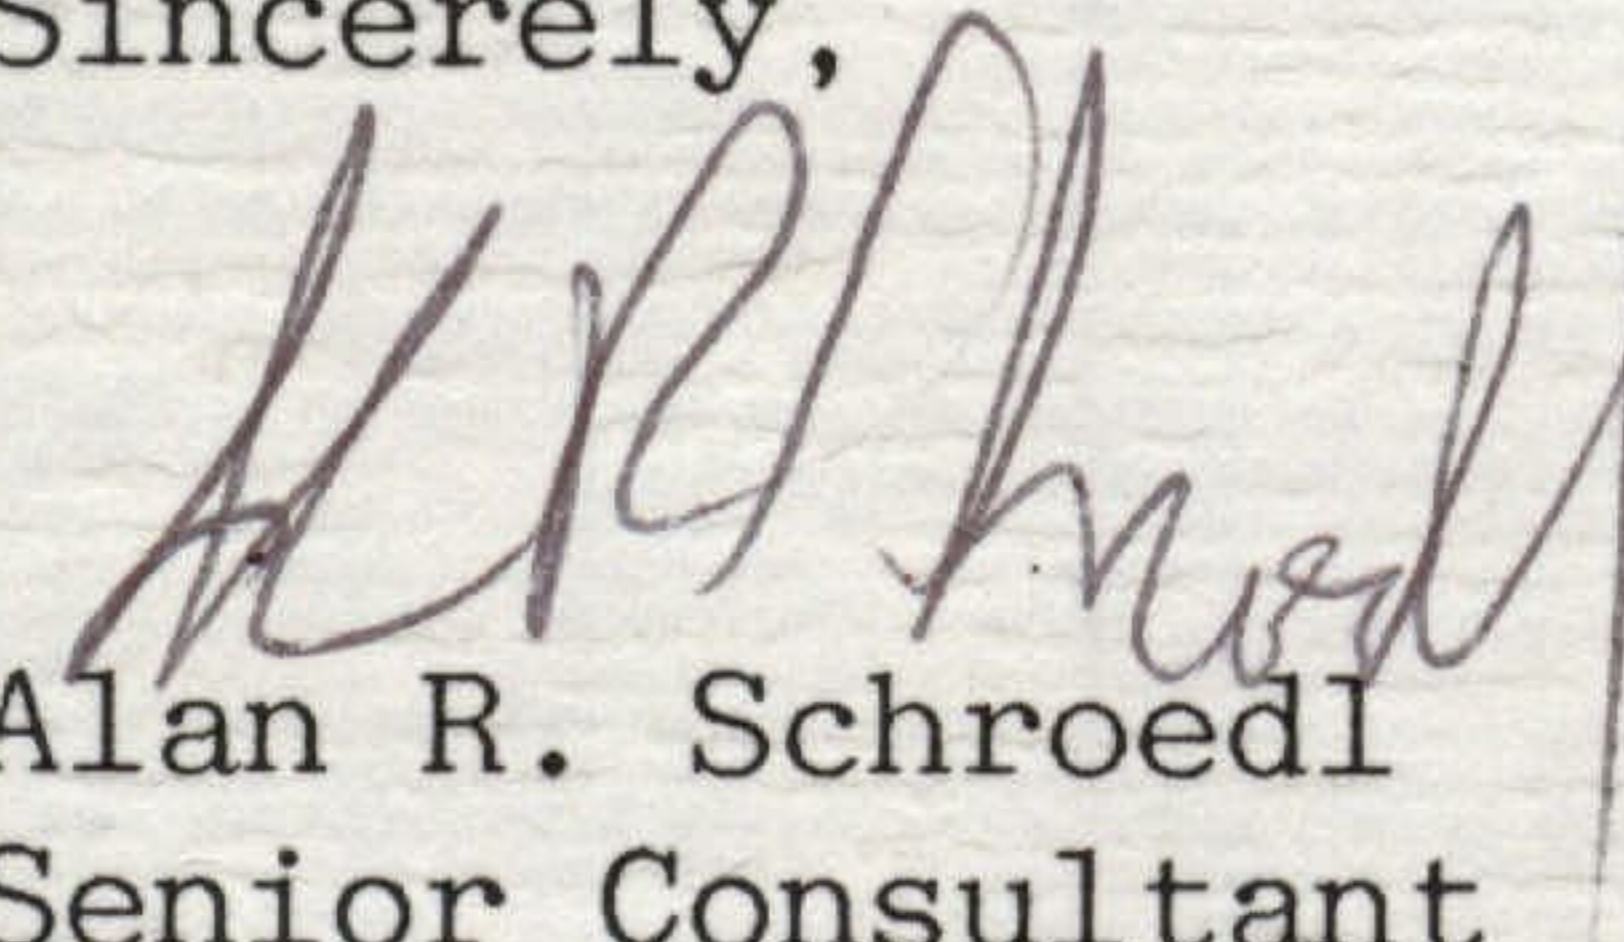

Dear Mr. Brewer:

P-III Associates is pleased to respond to your Request For Proposal for an archeological inventory of 1000 acres on your Rosebud Project in Pershing County. We have extensive cultural resource experience throughout the Intermountain West and have conducted projects in the region since the late 1970s. We have the staff, personnel, facilities, and Bureau of Land Management permit necessary to complete this project in a timely, efficient, and cost effective manner.

Some of our specific experience in Nevada is outlined in an attachment and includes both survey and excavation for several BLM districts as well as survey, testing, and mitigation for several mining companies, including Barrick Goldstrike, Newmont Gold, and Echo Bay.

We appreciate the opportunity to provide this bid for you and we look forward to hearing from you regarding our submission.

Sincerely,

  
Alan R. Schroedl  
Senior Consultant
